Subject: Notification of New Pipeline Construction
Celanese Lateral – Final Phase

Ms. Boyd:

York County Natural Gas Authority (YCNGA) is working with our Contractors to install approximately 22,000 feet of 8" natural gas pipeline. This will be the final section replaced of the original 6" lateral originating from Carolina Gas Transmission and serving YCNGA.

Initial cost estimates show that this project will exceed the \$500,000 threshold established in the Commission's Rules and Regulations 103-412.2.7 under "New Construction".

Please consider this letter as notification that YCNGA will begin pipeline construction for this project within the coming weeks. It is expected the duration of this work will tentatively extend to mid-December. YCNGA will copy the Office of Regulatory Staff (ORS) with this notification and will work with their office for any inspections or further correspondence requested.

If you have any questions, please contact me at (803) 323-5357.

Sincerely,

A handwritten signature in cursive script, appearing to read "Terry Adams".

Terry Adams
Engineering Manager, YCNGA

cc: Vernon L. Gainey, ORS
James A. Heckle, President, YCNGA
